ABOUT

Aspiring AI Engineer with a strong interest in Artificial Intelligence and Machine Learning. I enjoy solving problems, exploring ideas, and building practical projects. Through the Digital Egypt Pioneers Initiative (DEPI), I am developing hands-on experience in Machine Learning and data preprocessing, while continuing to strengthen my technical knowledge, practical experience, and problem-solving abilities toward a career in AI Engineering.

EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI) — Trainee

6-month technical training program focused on developing practical and professional skills. Applied Machine Learning and data preprocessing during training and worked through project-based learning activities. Expected completion: December 2026.

EDUCATION

October 6 University — Faculty of Computer Science

PROJECTS

Student Management System | Python, Object-Oriented Programming (OOP)

- Developed a Python application for managing student records, including adding, updating, searching, and deleting information.

Personal Expense Tracker | Python

- Developed an application to record and organize personal expenses by category, calculate totals, and manage expense data.

Data Analysis Project | Python, Pandas, Matplotlib

- Worked on cleaning, analyzing, and visualizing a dataset to identify trends and generate insights.

Light Sensor Project | Sensors, Electronics

- Completed a university project using a light sensor to detect changes in light intensity and demonstrate sensor-based system behavior.

SKILLS

Technical Skills

Python • C++ • Object-Oriented Programming (OOP) • Pandas • Matplotlib • Data Analysis • Machine Learning • Data Preprocessing • Generative AI • HTML • Microsoft Excel • Microsoft Word • Penetration Testing • Ethical Hacking • Networking

Soft Skills

Communication • Writing • Leadership • Fast Learner • Problem Solving • Teamwork • Team Motivation • Project Management

TRAINING & COURSES

- Digital Egypt Pioneers Initiative (DEPI) — 6-month training program, expected completion December 2026
- Udemy — Penetration Testing; Ethical Hacking
- Cisco — Networking; Hacking

EVENTS & CERTIFICATIONS

Beyond BUC 2026 — Attendee | September 6-7, 2026

- Attended the event and received an attendance certificate. Gained insights from experienced professionals about software career development, soft skills, project management, and Generative AI.
